

## College Bursary Fund Guidance Notes 2021-2022

This application is renewable **annually** and all funding is based on satisfactory attendance, of which funding for transport is **dependent upon attendance being 90%** at the end of each term. Due to this, bus passes are issued termly, and students need to renew their bus pass before the end of each term. This is one of the reasons why the students are asked to be involved with checking and updating their attendance every week with their tutor. Parents and Carers are asked to report absences daily to the College's curriculum secretaries. Information on this process will be given to students at the beginning of the Autumn term. Students being involved in this process establishes the importance of attending college for succeeding in their studies, but also with the funding being correctly granted.

Please read these notes carefully before completing your application form. If you need any help completing the form or have any queries, then please contact the Student Services Team on:
